TECHNICAL SKILLS

-  **Frontend**
HTML, CSS, JavaScript, React, React Native, Next.js, Tailwind CSS
-  **Backend**
Node.js, Express.js, RESTful APIs, JWT, Middleware
-  **Database**
MongoDB, Mongoose, Firebase, Database Design
-  **Tools and Deployment**
Git, GitHub, Vercel, Netlify, Heroku, Jest Testing
-  **Design**
Figma

EDUCATION

-  **Diploma in Computer Science**, Sudan University of Science and Technology
2015 - 2018
Software Engineering Principles, Database Management Systems, Data Structures & Algorithms, Object-Oriented Programming
-  **MERN Stack Developer**, Advanced Online Training
2024 - 2026
Full-stack application development, RESTful API design, MongoDB database design, deployment and DevOps practices
-  **Professional Web Development**, Online Certification Programs
2020 - 2024
Frontend development, responsive web design, Git, browser developer tools

PROFESSIONAL SUMMARY

MERN Stack Developer with a solid foundation in the JavaScript ecosystem. Builds responsive web applications with Next.js and React on the frontend, and Node.js with Express on the backend. Experienced in MongoDB database management, REST API development and secure JWT authentication. Quick learner, passionate about continuous improvement and collaborative development.

WORK EXPERIENCE

MERN Stack Developer, Freelance & Personal Projects, 2022 - 2024

- Built full-stack applications from concept to deployment
- Implemented JWT authentication and authorization systems
- Designed and developed RESTful APIs with Express.js
- Created responsive UIs with React and modern CSS frameworks
- Deployed applications on Vercel, Netlify and Heroku

Tech: React, Node.js, Express.js, MongoDB, JWT, REST APIs

Frontend Developer, Freelance Projects, 2021 - 2022

- Developed responsive web applications with React.js
- Implemented state management using Context API and Redux
- Optimized website performance and loading times
- Collaborated with designers to deliver pixel-perfect implementations
- Integrated third-party APIs and services

Tech: React, JavaScript, HTML5, CSS3, Git, REST APIs

Web Development Trainee, Online Learning & Self-Study, 2020 - 2021

- Completed comprehensive web development courses and built portfolio projects
- Learned version control with Git and GitHub
- Practiced responsive design and cross-browser compatibility
- Gained proficiency in JavaScript ES6+
- Tech: HTML5, CSS3, JavaScript, Git
